

Rapid-Deployment Solution (RDS)

PRE-CONFIGURED SOLUTION TO GET YOU UP & RUNNING QUICKLY

After thousands of implementations both large and small, we understand exactly how SAP® SuccessFactors® is most efficiently and effectively used. We've done the heavy lifting for you. Our pre-configured solution allows you and your team to focus on change management and training decisions and let us handle the detailed production builds. Our **Premiere** and **Premiere Plus** options are designed for the customer who wants a system up-and-running quickly and effectively across the supported modules.

PREMIERE

Focused on US Customers

Available in US English

Remote kickoff

Base People Profile configuration included with each module

Key configuration decisions have been made to get the customer up and running quickly

Limited feature set

Shortest time frame to Go-Live

PREMIERE PLUS

Focused on US and Global Customers

Available in US English, UK English, German, International Spanish, Mexico Spanish, International French, French Canadian and Simplified Chinese

Remote or on-site kickoff

Enhanced People Profile configuration included with each module

Key configuration decisions plus enhanced process configurations added

Enhanced feature set
