

# Are you prepared for GDPR?

Are you the HR leader responsible for making sure your system is GDPR compliant? **Are you prepared for the hefty fines that come with not having your system GDPR ready?** With penalties up to **4%** of annual global revenue or **€20 million** (whichever is greater) at stake, you will want to be sure you are compliant!

**If you aren't interested in being fined, are you taking the steps below to be compliant?**

- I have role based permissions turned on in SAP SuccessFactors
- I have Fiori turned on in SAP SuccessFactors
- I have GDPR configured in my SAP SuccessFactors environment

## HERE'S HOW AASONN CAN HELP

Partner with Aasonn to ensure you are not only GDPR compliant, but also to ensure long term compliance. Our experts are here to help you meet your strategic objectives, guide you in system configuration and enhancement and monitor and support any issues that may arise. Our different GDPR packages were put together to help you get started quickly! Ask your Aasonn partner how MySupport can help you successfully navigate GDPR and future compliance concerns.
